# CERVERI

## (International Certificate Verification Platform)

CERVERI is an international certificate verification platform aimed at preventing certification frauds. CERVERI can be used by educational institutions, students and employers to avail instant verification. It uses state-of-the-art ICT solution to enable quick and 100% reliable verification.

CERVERI is being increasingly used by prestigious institutions, employers and students across the GCC nations and the world to gain valued verification on their certifications. CERVERI has a unique partnership programs with government agencies and institutions that enable them to maximize the benefits of the verification system. Alternatively, community members like students and employees can become a member of CERVERI through a variety of membership options. All in all, CERVERI is a reputed verification platform trusted by users worldwide.

# KEY BENEFITS OF CERVERI

**Prevention of certificate fraud:** Educational certificates and track records being largely in the paper format, makes them prone to frauds and identity thefts. CERVERI ensures quick and reliable verification by enabling e-verification of certificates due to electronic conversion by the certificate owner.

**Assured credibility to certificates:** CERVERI is an application and hence has earned itself the credibility among the educational community and corporate organizations alike. Being CERVERI verified lends credibility to the concerned certificates.

**Reduction in verification lead time:** Under normal circumstances, certificates are required to be attested by government officials or authorized personnel, translating into lengthy wait period. However, being an electronic mode of verification, turnaround time is reduced. .

**Cost savings:** Corporates and recruiters usually must hire expensive background check agencies to verify certificates. However, CERVERI provides a cost-effective method for certificate verification and in turn fraud prevention.

**Secured validation:** CERVERI helps users achieve a quick yet secured validation or invalidation of certificates. Additionally, the servers are completely secure and certificate owners can upload certificates without having to worry about data theft.

**Multiple membership modules:** CERVERI offers users a variety of membership options depending on their usage requirements and budget.

**Exhaustive repository of certificates:** With an ever-increasing member-base and a growing community of users, CERVERI makes for an exhaustive data pool of certificates.

# KEY BENEFITS OF CERVERI

## CERVERI FOR EDUCATIONAL INSTITUTIONS:

- ✓ Protection of institutes' certificate from fraud
- ✓ Quick verification of certificates of applicants
- ✓ Enhanced reputation for institute by being CERVERI verifiable
- ✓ Improved quality of service delivered to students

## CERVERI FOR STUDENTS:

- ✓ Prevention of misuse of their certificates
- ✓ Prevention of identity theft
- ✓ Easy access to verified certificates world-wide
- ✓ Increased advantage in job interviews

## CERVERI FOR EMPLOYERS:

- ✓ Easy access to candidate's verified certificates
- ✓ Enables quick back-ground check
- ✓ Helps prevent employee fraud

# HOW DOES CERVERI WORK?

CERVERI has two access profiles, one for the member and one for the verifier or user.

## MEMBER ACCESS

Members can create a CERVERI profile in a few easy steps and upload their certificates. Upon registration and payment of fees, members would be required to upload data about their certificates along with the certificate softcopy. Almost immediately, the members certificate would be available for verification to educational institutions and organizations. Members can opt for basic membership, advanced membership or per-certificate membership.

## USER ACCESS

Users or verifiers could be recruiters, college admission offices or human resource managers. Users need to simply enter the certificate verification code provided by members and click on the verify button, to verify a certificate.

Users can opt to be a part of our numerous partnership programs in a manner that suits their usage.
